

## The Puppy Application

Thank you for your interest in our puppies. Our puppies are healthy, well-socialized, and vet checked. They will have their first set of puppy vaccinations before they come to you. Their parents are healthy, and DNA tested.

Dewclaws will be removed at your request. However, please keep in mind that dogs with removed dewclaws are more susceptible to arthritic joints as the dewclaw is a joint similar to our thumb.

I would like dewclaws to be removed: YES / NO

If requested to be docked, tails will be show dog length.

I would like the tail to be docked show dog length: YES / NO

The puppies are sold as **PETS ONLY**.

You will sign a spay/neuter agreement upon the pickup of your puppy. You will receive your AKC registration paperwork after you send us proof from your vet that your dog was spayed/neutered.

We will review all applications and notify you within a day or two if you are selected to purchase a puppy. We expect you to deposit **A MINIMUM OF \$300 TO RESERVE YOUR PUPPY**. We accept Messenger Pay, Venmo, Zelle or cashier's check as a form of payment for the deposit, and the rest of the balance is due **IN CASH** during the pickup. **DEPOSITS ARE NONREFUNDABLE** unless the pup does not pass his/her vet check. The pup's balance and travel fees should be paid seven days in advance should your puppy be flying or delivered by a nanny service.

The puppy will stay with the mom for 8 to 12 weeks, and after that, they are free to go to their new homes. When the pick-up date is scheduled on or after the 8<sup>th</sup> week of the puppy's age, any additional week of stay with us (due to the owner's unavailability to pick up the puppy), the owner will be charged \$140 for every additional week. However, we have reserved the right to keep the puppy longer should we see the need for him/her to be with his/her mother for another week or two for no additional charge. We will send photos/video updates when possible. (As the time of the puppies' departures gets closer, we are typically too busy preparing everything for their safe travels.)
